DETROIT RIVER INTERNATIONAL CROSSING

Location: East of East Jefferson Avenue, South of Conner Street, North of St. Jean; City of Detroit

Plaza Size: Approximately 111 acres

This site consists of large, vacant parcels interspersed with vacant industrial buildings as well as existing fully operational industries. There are also sites used for outdoor storage of boats and vehicles. To the east of the site is the Detroit New Water Treatment Plant along with the Detroit Edison Power Generating Plant. The TDS/US Automotive facility is also included in this area. North of Conner Street are single family dwellings mixed with several vacant residential lots. There are vacant parcels to the south and west sides of the site.
