

Dear Honorable Representative LaJoy;

March 22, 2006

As a resident of Delray, the area proposed to be home to the new border crossing I would like to take this opportunity to express my thoughts on the DRIC study and the progress that has been made so far. I feel that the DRIC study has been careful to include and address the concerns of the citizens of southwest Detroit.

I am fearful that if this study is not allowed to go forward to completion the Ambassador Bridge Company will be the next owner and operator of the new border crossing, which I feel will be detrimental to the quality of life to the residents of southwest Detroit. MDOT should be allowed to complete this study, to be sure that the concerns of the community are met. I have been involved in this process for the past 12 months and I am encouraged by the progress that has been made.

Sincerely,

Dena Nagy
