

Table of Contents

Executive Summary	ES-1
Section 1 – Why is a New Border Crossing Needed?	1-1
1.1 The Project’s Purpose	1-3
1.1.1 Overview	1-5
1.1.2 The Economy	1-5
1.1.3 Civil and National Defense and Homeland Security	1-6
1.2 Specific Needs for a New Crossing.....	1-8
1.2.1 Provide Safe, Efficient and Secure Movement of People and Goods Across the U.S.-Canadian Border in the Detroit River Area to Support the Economies of Michigan, Ontario, Canada and the U.S.	1-8
1.3 Redundancy	1-13
Section 2 – Alternatives	2-1
2.1 Illustrative Alternatives	2-1
2.2 Additional Screening of Alternatives.....	2-14
2.2.1 Impact Assessment	2-14
2.2.2 Value Analysis (VA)/Value Planning (VP) Results.....	2-33
2.2.3 Plaza Analysis	2-33
2.2.4 Practical Alternatives	2-36
2.2.5 What Rules Guide Project Engineering?	2-37
Section 3 – The Environment: What’s There Now and What are the Impacts?	3-1
3.1 Social/Community Characteristics and Impacts	3-1
3.1.1 Historic Trends of Region and Study Area	3-2
3.1.2 Community/Neighborhood Characteristics	3-6
3.1.3 Community Services, Facilities and Major Employers ...	3-16
3.1.4 Who Will Have to Move and When?	3-21
3.1.5 Characteristics of EJ/Title VI Population Groups.....	3-25
3.2 Jobs and the Economy.....	3-32
3.2.1 Expected Future Development	3-32
3.2.2 State and Regional Job Impacts.....	3-37
3.2.3 Construction Jobs Created	3-39
3.2.4 Bridge and Plaza Operations.....	3-41
3.2.5 Tax Base Impacts.....	3-41
3.2.6 Summary of Job/Economic Impacts	3-41
3.3 Do the Practical Alternatives Follow Planning and Zoning Requirements?	3-42
3.3.1 Existing Land Use and Zoning.....	3-42
3.3.2 Summary of Land Use Impacts	3-44
3.3.3 Community Vision.....	3-48

3.4	Protected Farmland and Forests.....	3-48
3.5	Traffic.....	3-49
3.5.1	Travel Demand Model and Results	3-49
3.5.2	Microsimulation Model and Results.....	3-61
3.5.3	What Will Happen to Local Traffic?	3-62
3.5.4	How Will Traffic Work During Construction?.....	3-69
3.5.5	Summary of Vehicular Traffic Impacts.....	3-69
3.5.6	How Will Pedestrians, Bicyclists and Transit Users be Affected	3-71
3.6	Air Quality	3-77
3.6.1	Analysis Approach.....	3-78
3.6.2	NAAQS, Recent EPA Actions and Pollutant Trends.....	3-79
3.6.3	Air Quality Analysis Findings	3-83
3.6.4	Conformity Requirements under the Clean Air Act.....	3-89
3.6.5	Summary of Air Quality Impacts	3-93
3.7	Will There be Noise Impacts? Where? Can They be Mitigated?	3-95
3.7.1	How was the Analysis Done?	3-95
3.7.2	Existing Noise Levels	3-98
3.7.3	Future Noise Levels at Crossings and Plazas	3-98
3.7.4	I-75 and Interchange Future Noise Levels.....	3-100
3.7.5	Noise Mitigation Considerations	3-102
3.7.6	Summary of Noise Impacts	3-103
3.8	Effects on Wildlife and Wetlands.....	3-105
3.8.1	Analysis Approach.....	3-105
3.8.2	Summary of Wetland and Related Impacts	3-108
3.9	Historic and Archaeological Resources.....	3-110
3.9.1	Archaeological Resources Impacts	3-111
3.9.2	Aboveground Resources Impacts	3-116
3.9.3	Traditional Cultural Properties	3-118
3.9.4	Summary of Cultural Resources Impacts	3-119
3.10	Parkland and Public Recreation Land	3-123
3.10.1	Existing Parks and Recreation Resources	3-123
3.10.2	Summary of Parkland Impacts	3-125
3.11	Visual Conditions	3-126
3.11.1	Analysis Approach.....	3-126
3.11.2	Summary of Visual Impacts.....	3-133
3.12	Lighting	3-133
3.12.1	Lighting Considerations	3-134
3.12.2	Summary of Lighting Impacts	3-136
3.13	Contaminated Sites.....	3-137
3.13.1	Background	3-137
3.13.2	Summary of Impacts Related to Contaminated Sites ..	3-138

3.14	Indirect and Cumulative Impacts – U.S. and Transboundary	3-142
3.14.1	Methodology	3-142
3.14.2	Indirect Impacts – U.S. and Transboundary	3-148
3.14.3	Cumulative Effects – U.S. and Transboundary.....	3-179
3.14.4	Summary of Indirect and Cumulative Impacts – U.S. and Transboundary	3-191
3.15	Safety and Security	3-192
3.15.1	Summary of Safety and Security Impacts.....	3-193
3.16	Soils/Geological Resources Impacts.....	3-194
3.16.1	Soil/Geotechnical Conditions.....	3-194
3.16.2	Geological Resources	3-195
3.16.3	Summary of Soils/Geological Resources Impacts.....	3-199
3.17	Permits.....	3-203
3.18	Energy.....	3-203
3.18.1	Summary of Energy Impacts	3-205
3.19	Costs.....	3-205
3.20	Governance	3-206
3.21	The Relationship between Local Short-term Uses of the Environment and the Maintenance and Enhancement of Long-term Productivity	3-209
3.22	Irreversible and Irrecoverable Commitments of Resources	3-210
3.23	Community Enhancements	3-210

Section 4 – What Are Mitigation and the Proposed

	Measures to Reduce Harm?	4-1
4.1	Rules that Guide Right-of-way Acquisition and Relocation	4-1
4.2	Environmental Justice/Title VI.....	4-3
4.3	What Will the Mitigation be Around the Plaza?	4-3
4.4	Noise Walls	4-3
4.5	Construction Noise and Vibration Impacts	4-4
4.6	Control of Air Pollution during Construction	4-4
4.7	Soil Erosion and Sedimentation Control.....	4-5
4.8	Surface Water Quality	4-6
4.9	Groundwater Quality	4-7
4.10	Wetland Mitigation.....	4-8
4.11	Migratory Birds	4-9
4.12	What Happens to Existing Vegetation?	4-9
4.13	Parks.....	4-9
4.14	Cultural Resources.....	4-9
4.15	Contamination	4-10
4.16	Disposal of Surplus or Unsuitable Material	4-10
4.17	Maintaining Traffic during Construction.....	4-11
4.18	Continuance of Public Utility Service.....	4-12
4.19	National Geodetic Survey Monuments.....	4-12
4.20	Environmental Permits	4-12
4.21	Additional Mitigation or Modifications	4-14

Green Sheet

Section 5 – Draft Section 4(f) Evaluation	5-1
5.1 Introduction	5-1
5.2 Proposed Action and Need for Project	5-3
5.2.1 The Economy	5-3
5.2.2 Civil and National Defense and Homeland Security	5-4
5.2.3 Capacity and Connectivity	5-4
5.3 Description of Resources	5-6
5.3.1 Historic Resources	5-6
5.3.2 Recreational Resources	5-16
5.4 Impacts on the Section 4(f) Properties	5-18
5.4.1 Historic Resources	5-18
5.4.2 Recreational Resources	5-19
5.5 Avoidance Alternatives.....	5-19
5.5.1 Historic Properties	5-20
5.5.2 Recreational Properties	5-23
5.6 Measures to Minimize Harm	5-24
5.7 Coordination.....	5-24
Section 6 – How Were Local, State and Federal Agencies and the Public Involved?	6-1
6.1 Agency Coordination.....	6-1
6.1.1 Early Coordination	6-1
6.1.2 Cooperating Agencies	6-1
6.1.3 Agency Meetings	6-2
6.2 Public Workshops and Meetings	6-3
6.2.1 U.S. Public Workshops.....	6-4
6.2.2 U.S. Formal Public Meetings	6-5
6.3 U.S. Local Advisory Council (LAC) and Local Agency Group (LAG)	6-7
6.4 Other Meetings and Public Involvement.....	6-8
6.4.1 MDOT Real Estate Meetings with Property Owners in the DRIC Study Area.....	6-8
6.4.2 Joint Transportation Committee Meetings	6-8
6.4.3 Other Public Involvement	6-8
6.4.4 Boat and Bus Tours.....	6-9
Section 7 – List of Preparers	7-1
Consultant Disclosure Statement.....	7-7
Section 8 – Distribution List	8-1
Section 9 – List of Acronyms	9-1

Appendices

Appendix A	Conceptual-Stage Relocation Plan.....	A-1
Appendix B	Partnership Framework, Charter, and Memorandum of Cooperation	B-1
Appendix C	Concurrence by Federal Highway Administration of Illustrative Alternatives Analysis and Results	C-1
Appendix D	Environmental Justice Analysis Approach.....	D-1
Appendix E	State Historic Preservation Officer Letters and Draft Memorandum of Agreement Among the Michigan Department of Transportation, the Federal Highway Administration and the Michigan State Historic Preservation Officer	E-1
Appendix F	Responses to Comments Made During Scoping and Other Agency Correspondence	F-1
Appendix G	Summary of Geotechnical Advisory Group Activities.....	G-1
Appendix H	Local Advisory Council and Local Agency Group Members	H-1

Technical Reports (Under Separate Cover and Listed Alphabetically). These can be viewed on the project Web site (www.partnershipborderstudy.com) or at the locations listed in the Preface to this DEIS.

- Air Quality Impact Analysis Technical Report
- Brine Well Cavity Investigation Program Technical Report
- Community Inventory Technical Report
- Conceptual Engineering Technical Report
- Cultural Analysis – Aboveground Investigations Technical Report
- Cultural Analysis – Archaeological Investigations Technical Report
- Evaluation of Illustrative Alternatives
- Indirect and Cumulative Impact Analysis Technical Report
- Induced Demand Analysis Technical Report
- Initial Site Assessment and Preliminary Site Investigation Technical Report
- Level 1 Traffic Analysis Technical Report
- Level 2 Traffic Analysis Technical Report – Part 1: Travel Demand Model and Results
- Level 2 Traffic Analysis Technical Report – Part 2: Microsimulation Model and Results
- Noise Study Technical Report
- Wetland, Threatened and Endangered Species and Coastal Zone Management Technical Report

List of Sidebars

What is a Practical Alternative?	1-4
What does Military/Industrial Logistics Mean?.....	1-7
What is NEXUS?	1-11
What is FAST?	1-11
What is Redundancy?	1-13
Illustrative Alternatives.....	2-3
What is Value Analysis/Value Planning?	2-33
What is a Plaza? What Occurs There?.....	2-33
What are Engineering Criteria?	2-37
What are Potential Effects?	3-1
What is a Technical Report?.....	3-1
What is a Dwelling Unit?.....	3-21
What is a Renaissance Zone?	3-24
What is an Empowerment Zone?	3-24
What is a Conceptual Stage Relocation Plan?	3-24
Title VI of the 1964 Civil Rights Act:	3-25
What does Executive Order 12898 Cover?	3-25
Low-income Populations Are:.....	3-25
What is a Brownfield?	3-33
What are Ripple Effects?	3-39
What is a Foreign Trade Zone?	3-44
What is a Travel Demand Model?	3-49
What is a Peak Hour?.....	3-50
What is Traffic Microsimulation?	3-61
What is Level of Service (LOS)?.....	3-62
What is the Highway Capacity Manual?	3-62
What is a Diamond Interchange?	3-62
What does Intermodal Mean?.....	3-68
What is the Americans with Disabilities Act (ADA) Supposed to do?	3-71
What is the Rouge River Gateway?.....	3-75
What is the West Riverfront Walkway?.....	3-75
What is Transportation Conformity?	3-78
What is a TIP?	3-78
What is NOx? Where does It Come From?	3-80
What are VOCs?	3-80
What is MOBILE6.2?	3-81
Where are the Nearest Monitors that Measure Air Pollution?.....	3-83
What is a Sensitive Receptor?.....	3-86
Which Air Toxics Coming from Vehicles are of Most Concern?.....	3-87
What are Quantitative and Qualitative Analyses?.....	3-90
What is the Clean Air Interstate Rule?.....	3-92
What is TNM2.5?	3-95

What is a Decibel?.....	3-96
What is a Bird Strike?	3-107
What is the National Historic Preservation Act (NHPA)?	3-110
What is the Area of Potential Effect (APE)?	3-110
What is the National Register of Historic Places (NRHP)?	3-110
What is Section 4(f)?	3-115
