

DETROIT RIVER INTERNATIONAL CROSSING (DRIC) STUDY

SPECIAL COMMUNITY MEETING

Tuesday, May 20, 2008 at 7:00 p.m.

Most Holy Redeemer Church
1721 Junction Ave., Detroit

Want to know more about the proposed new border crossing sponsored by the Michigan Department of Transportation (MDOT) and the Federal Highway Administration (FHWA)? The project could potentially directly affect the communities between Clark and Springwells, and Vernor and Fort streets?

MDOT and FHWA have extended the comment period to May 29, 2008, to provide more time for the public to comment on the Draft Environmental Impact Statement (DEIS). The comment period will now end on May 29, 2008. Come learn about and comment on the DEIS. *Your participation matters!*
